1 Briefly describe the organization's mission:

Our mission is to empower rural Cambodian community families to identify and address their highest needs. Our all-Cambodian staff works with families to develop and implement sustainable projects and economic opportunities, including Self-Help Groups, Pass-On Animals, Agriculture, Wells, Ponds, Water Tanks, Latrines, BioSand Filters, Roads, & Healthcare Workshops to improve quality of life. Through our preschools and grade schools, rural children become informed and skilled learners. Many advance to local universities.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? Yes No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? Yes No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code:) (Expenses \$ 182,705 including grants of \$) (Revenue \$ 7,734)

In 2016 Community Development Program Staff provided trainings for families in economic opportunities, agriculture, and safe water to make sustainable improvements in their daily lives. To maximize access to year-round water, SC and families installed 10 wells in addition to 25 Rooftop Rainwater Harvest tanks to capture water during the rainy season. To make water safe for drinking and cooking SC trained families in how to use and maintain 33 Biosand Filters. When families have safe water in their villages, their children do not need to walk for hours every day to find water. Instead they have time, energy and good health to attend community schools. To improve sanitation, SC trained families in safe practices in handwashing, general hygiene & the cause and effect of fecal coliform exposure in their daily habits. Installing 90 Latrines empowered families to maintain individual and community health and sanitation. Trainings for 9 Self Help Groups strengthened skills in community organization for families to share farm labor animals and increase market crops and income generation. Seeds, tools and agricultural trainings in composting, gardens and rice farming continue to help 68 families to strengthen skills and crop outcomes. The Animal Pass-On program provided 9 cows and ducks & chickens to improve nutrition and income. 10 new Community Ponds create additional water catchment to support irrigation for the animals, gardens and and to grow fish that benefit community families in increased protein.

4b (Code:) (Expenses \$ 311,813 including grants of \$) (Revenue \$)

In 2016 our Education Programs continued to provide supplemental education for 2,606 students in rural Cambodia to expand and strengthen basic educations they receive in state schools. In our 3 main grade schools, 655 children from 35 villages benefitted from instructions in small classes along with 600 packages of school supplies, 35 bikes, 150 school uniforms for the students in high need. 50 students visited ancient sites in Siem Reap! Primary students study their native Khmer language, Math, English and practice basic computer skills through online, interactive English language games. Secondary & High School students study English and Computers and can take special tutor classes in Math and Sciences to prepare for 12th grade graduation. School-wide activities in projects like recycling, nutrition, mapping, research and safe solid waste management expand their skills. The new BookWorm Club in our libraries promotes the "reading - writing" connection in building literacy, cooperative and independent thinking. Gardens, art, traditional dance music and sports enrich daily school life. Participation in service clubs builds compassion and leadership and organizational skills. Currently, 106 students are enrolled in Cambodian universities in degree programs to prepare them for strong jobs in their growing economy. Six grade schools in the Siem Reap area provide 1,507 children with enriched education, supplies and meal supplements. Five rural community schools (239 students) and seven preschools (178 children) from 8 villages provide children with early learning.

4c (Code:) (Expenses \$ 14,995 including grants of \$) (Revenue \$)

In 2016 our Healthcare Programs continued to focus on 3 areas of need: training in health, hygiene & sanitation, preschool nutritious meal supplements and assistance for students in high need. While SC provides the funds and training, community families contribute their time and assistance. Preschool meals consist of a porridge-like dish of fish, eggs, leafy greens, carrots, oil, garlic and rice in a tasty broth that the children enjoy. The teachers and support teams in 5 preschools purchased the ingredients (when not available in their gardens) and prepared and served the porridge daily to 116 children. These meals encourage the children to attend school where they also benefit from social and cognitive development. The families of the preschoolers join healthcare workshops in best practices for daily hygiene and sanitation, especially handwashing and tooth care. Community-wide workshops addressed the urgent needs for solid waste management, particularly the lasting harm from burning plastic trash to air quality and lungs. The workshops helped our students and their families to understand the harm of leaving trash in the streets, paths, village homes, soil, rivers and streams. The third focus area was providing immediate assistance of school supplies, clothing and food to students in extreme need. We engaged the services of Ear and Eye doctors to evaluate and treat ten students with dental needs and 2 students with hearing needs.

Prior to the completion of Form 990, Mastin reviews the annual detailed revenue and expense transactions in QuickBooks. The data are entered by the organization's experienced onsite Cambodian Finance Manager. While onsite, Mastin conducted an internal audit of 2016 QB data by using statistical sampling methods from generally accepted accounting standards and determined that 2016 QB data accurately reflected the data of original invoices. Responsible cash handling procedures and tracking of grant activity by programs ensure accurate and timely financial reports for donors and the Board of Directors. Board and Committee calls throughout the year provide opportunity to evaluate program accomplishments, challenges and action items to assist in project management and financial guidance for the organization.

Additionally, multiple directors travel to organization annually to connect with onsite staff and to tour programs for hands-on observations.

Line 12c: During onsite trips, Directors meet with the whole staff to review policies, including the Code of Ethics and Conflict of Interest. All staff and directors read and confirm understanding of the policies. In the event of questions, the onsite Executive Director contacts directors for assistance in clarifying questions and identifying resolutions.
